Hi Tetsu Matsukawa,

Thank you for all your hard work reviewing for NeurIPS 2019! We are delighted to inform you that you were one of the top 50% highest-scoring reviewers this year! You will therefore be given access (for a limited period of time) to a reserve ticket pool; you will later receive additional information explaining how to access the reserve ticket pool. Please note that you will still have to pay for your registration.

All the best,
